Protects your basement during a power outage or main pump failure!

Requires no electricity

Features:

• Accepts 20PSI up to 100PSI inlet supply pressure**

• Fully automatic

• High-output flow rates

• Compact design

• Fully-assembled

• 1-1/2" Discharge

• Works off municipal water supply*

• 3/4 " NPT water inlet connection

• cUPC® listed (IAMPO PS 119)

• SHARKBITE® inlet connection accepts pex, copper or CTS CPVC 3/4” line

Efficient design removes more water per gallon used

NEW!

NightEye Wireless Enabled Model Available
Having an alarm on your water powered backup pump is important. In the event of a main pump failure – you want to know your backup pump has taken over and is operating.

Features:
- Compact, pre-mounted float sensor
- 120V wall mount alarm unit (Model ALM-P1)
- 86 dB audio alarm
- Super-bright LED alarm ring
- 9-volt battery backup
- Auxiliary contacts for connection to other home security systems
- Quick connectors for easy wiring
- Silence and Test buttons for alarm
- Low Battery LED
- Power On LED

NEW!
Super bright LED alarm ring
**NEW!**

**Apple® iOS & Android® compatible FREE App!**

**Features:**
- Free NightEye® app
- Apple® iOS and Android® compatible
- No service or subscription fees (message and data rates may apply)
- Immediate notification of your SumpJet activating
- High water level notification
- Low basement temperature warning - user defined setting
- Easy setup, connects with simple BlinkUp™ technology
- NEW – super bright red LED alarm ring
- 86 dB audible alarm
- 9-volt battery backup
- Silence and test alarm remotely through the NightEye® app.
- Auxiliary contacts for connection to other home security systems

**NOTE:** During power outages, your home’s wireless router will not be operational and unable to send signals to your mobile device unless on a backup power source. The alarm device mounted in the basement will still activate running on 9-volt battery.

**FREE App!**
**Features:**
- Adjustable stainless hose clamp for easy mounting
- Removes 2 gallons of water for each 1 gallon used. (based on 5' lift)
- Fully assembled, compact design
- Built-in screen with removable foot valve
- Constructed of durable PVC

**Dimensions**
- Major Height: 21.6", Major Width: 5.1", Weight: 3.5 lbs. (standard model)

**Construction:** PVC
- Maximum Fluid Temperature 130 Degrees F.

**Inlet Connection:**
3/4" SHARKBITE® fitting

**Discharge Size:** 1-1/2"

**Built-in check valve at water inlet**
Additional backflow protection is required. Check with local plumbing codes prior to installation.

**Important:** Minimum recommended pit diameter is 18". The SJ10 works in conjunction with your main sump pump. Make sure you have adequate pit size to properly install the SJ10 without float interference.

**Models**

- **SJ10**
  - Weight: 3.5 lbs.
  - Standard water-powered backup pump (no alarm)

- **SJ10A**
  - Weight: 8 lbs.
  - Water-powered pump with alarm

- **SJ10A-EYE**
  - Weight: 8 lbs.
  - Water-powered pump with NightEye® wireless enabled alarm

* The SJ10 requires an uninterrupted water source to operate. If you have a well pump, the SJ10 will not operate during power outages.

**SJ10 pumping performance varies with inlet water source pressure and pumping head. See complete specifications and performance chart for expected flow rates.
